Drug Abuse is ranked number one on our top 10 Springfield Community Problems list for 1992. Today we visited Exodus House and talked with Ricky Richardson, a former inmate of the Clark County Jail who was arrested several times for DUI and who is now the Director of Exodus House which is a home in Clark County for inmates who after leaving Jail have no place to go and who are willing to continue in a program with the Jail Chaplaincy. Also we talked with Mary Perry on this subject. We learned that drug abuse is the primary reason over 90% of the jail population is suffering from. It is very true that this one problem if solved could wipe out crime as we know it today. They explained some of the problems the inmates face because of it and Ricky told his story about almost killing a woman in an accident he caused because of Alcohol. Later through the broadcast of this program the lady who was almost killed has family still living in this area, they viewed the program, were touched by the story and called to say they had forgiven Ricky for the pain he had caused them that day. Also they gave a progress report on the lady who was almost killed and said she was getting along much better and could walk now. This truly was an encouragement to all of us.

Crime and Law & Order ranked number four on our top 10 Springfield Community Problems list for 1992. Today we took a ride through Clark County with Deputy Bob Jett also known as "Captain Trash". Deputy Jett took us to several areas in Clark County used as illegal dumps. He explained to us the procedure they use to determine who is dumping this trash and what steps he takes to bring them into court and be fined or jailed for this offense. We discussed the penalty for littering on the highways and in neighborhoods, and Deputy Jett encouraged viewers to get involved when they see someone littering or dumping in the Community there is a sepcial number you can call 24 hours a day and someone will come out to the site and investigate the incident when you call in. You can also call in when you see someone throw a bottle or any object from a car, in this case all you need is a description of the car and a licence plate number if you can get one, they have caught many offenders by this method in Clark County. In closing he repeated the numbers you can use for littering or dumping in the Community.

Homeless/Poor ranked number 10 on our top 10 Springfield Community problems list for 1992. Today we visited the Exodus House here in Clark County and talked with Harlan Burton who is assistant to the Clark County Jail Chaplain. We discussed Exodus House and how it is truly a blessing to the Community as well as to the Former Inmates who stay there for a short period of time because it not only gives them a nice place to live it also allows them to have a place to study and people to help them find jobs and be trained for different job opportunities. He explained the Philosophy of the Chaplaincy and how this works to help Inmates stay out of jail. We discussed the problems most of the inmates face as soon as they are released from jail and how the Chaplaincy through Exodus House is able to deter some of these problems that seem to be built in for the Inmate population. We learned that the Community can get involved to help the inmates and in closing Harlan gave a number for interested persons to call.

Education ranked number three on our top 10 Springfield Community Problems list for 1992. Today we talked with Rita Phipps who is the principal of Franklin Middle School. She talked about how kids are already starting to get prepared for future careers when they enter Middle School. We discussed Education provided for students at this age and how much time is spent among teachers trying to ascertain the direction education should be taking for these students. Along with the regular curriculum already in place teachers have to come up with creative ways to direct students into activities that relate to career opportunities such as choosing courses of study for high school early. She explained that science is a subject that should be taken more seriously by students at this age and as they grow older, also they should pay more attention to their own math skills. These are very important subjects that become even more important as they are preparing

Drug Abuse ranked number one on our top 10 Springfield Community Problems list for 1992, and Education ranked number three. Today we were at Franklin Middle School and produced a ½ Hour Program as well as several 4½ Min. Focus Programs regarding the Mock Accident held at the school in the Parking Lot. Our guest for this segment of the series was Kim Webster who is an employee of Maines Auto Towing Service. We discussed how many times Kim goes out on a call to pick up a car or truck after a drunk driving accident and he explained that this happens for every 3 out of 5 accidents he has to work with. He explained usually the drivers are not heavy drinkers or habitual drug users. Often he says they express regret about what has happened and usually they are not the ones who get hurt through this accident. Almost always there is a victim who does not drink, yet this happens more than we realize. We discussed the fatalities in Clark County this year and how that compares with years past. In closing he shared with the viewers how devastating it is to go out on these calls and encouraged them not to drink and drive.
